### VW-MK-AB Bench Scale

The VW-MK-AB features an **IP68** rated base with an easy to read LED display that can be stand alone, wall mounted or attached to the column which comes complete with the scale. Its robust design, stainless steel top plate, and waterproof base makes it ideal for all types of industry.

### VW-MK-A Counting Scale

The VW-MK-A has a robust low profile design with the option of an LCD or LED display. The LCD model features a built in AC Power Supply with an adaptor supplied as standard with the LED version. A rechargeable battery is also included as standard on both VW-MK-A models. The LCD model features an RS232 serial port for a remote display output or for serial status requests and control.
