## VWXtraPF PLATFORM

**VWXtraPF platforms provide accurate and reliable weighing performance at an affordable price**

The VWXtraPF platforms are built to last with a robust channel frame, 5mm durbar top plate and tough blue powder coated finish. Servicing and setup is made easy with junction box access and feet adjustment available via the top plate. The IP65 rated junction box contains a 4 cell summing board allowing quick and precise loadcell adjustments when required. The VWPF platforms are rated up to 3000kg and incorporate Zemic OIML approved loadcells and free motion stainless steel levelling feet.

Models available:

- VWXtra0606...Dimensions: 600mm x 600mm
- VWXtra1010...Dimensions: 1000mm x 1000mm
- VWXtra1212...Dimensions: 1250mm x 1250mm
- VWXtra1512...Dimensions: 1500mm x 1250mm
